Ethiopian NLA Background: What is the Gap?

The challenge

- Ethiopia economy heavily depend on Agriculture
- SAI: Supporting farmers to increase their productivity while improving their natural resource base
- The sector, mainly SAI, facing complex challenges
 - Lack of Institutional and technological innovations
 - Multiple but weakly coordinated actions on SAI
 - Weak capacity to demand, assess, access and use knowledge to inform policy and practice

Rationale for NLA

- The need for system integrations
 - For creating synergy and facilitate learning among existing actors
 - Co-generate knowledge, learn, share and use knowledge to inform ongoing policy
- NLA: Create a space through a learning alliance that bring key actors and networks in SAI

Objective of the NLA

General objective

To co-generate, share and facilitate use of knowledge by SAIRLA research projects, decision makers and key stakeholders to develop equitable SAI in ways that enable poorer smallholders to participate in and benefit from agricultural development
